

AFROPAY WOOCOMMERCE PLUGIN

AFROPAY is a payment gateway, simplified. This gateway payment gateway provides the means for clients to accept mobile money.

Requirements

- An SSL certificate – see [SSL and HTTPS](#) for free and low-cost options
- An active gateway Merchant account with [AfroPay](#)

Installation

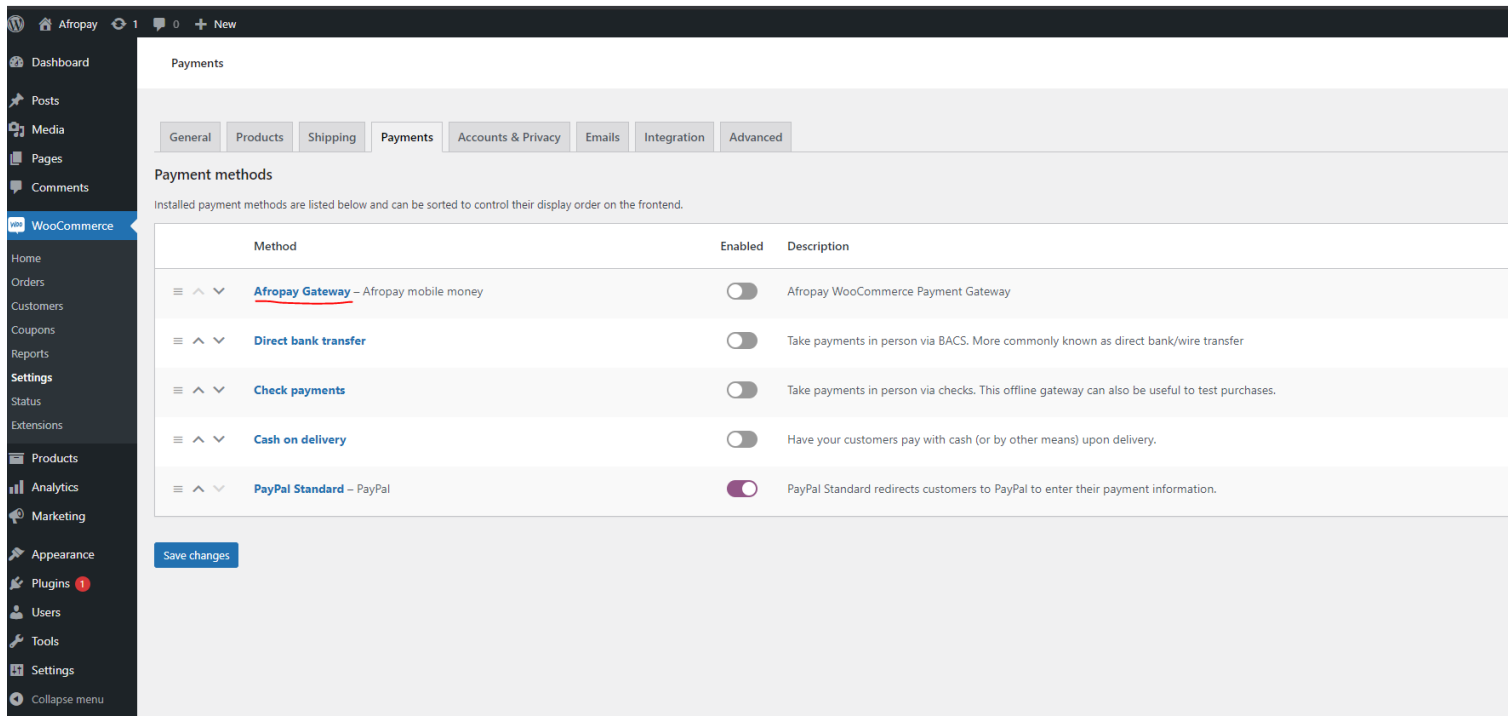

1. **Download** the .zip file from [afropayghana.com](#)
2. **Go to: WordPress Admin > Plugins > Add New** and **Upload Plugin** with the file you downloaded with **Choose File**.
3. **Install Now** and **Activate** the extension.

Sign up with AfroPay

1. **Log into** your Afropay merchant account at [agent.afropayghana.com](#)
2. **Enter** your Username and Password then **select Login**.
3. **Go to** and select: **Profile > View**. A page which has your account details will be presented to you.
4. **Copy Agent or Merchant ID** to your WooCommerce AfroPay settings page.
5. **Copy Api key** to your WooCommerce Afropay settings page
6. **Copy Public key** to your WooCommerce Afropay settings page
7. **Save changes**.

Setup and Configuration

1. **Go to: WooCommerce> Settings**
>Payments.
-

- 2. Select **AfroPay WooCommerce plugin**. This takes you to the Settings screen.
- 3. **Enable debug emails** and enter an **email address** if troubleshooting or wishing to receive logs. Otherwise, leave disabled.
- 4. **Save changes**.
- 5. **Enable Afropay WooCommerce plugin**
- 6. **Go to: WooCommerce > Settings > Payments**.
- 7. **Fill in all the info you copied from the afropay website or platform and click on save changes when done**.
- 8. **Congratulations as you can now begin to receive payments**
